

When you first learned about the Challenge, why did you choose to participate?
 In other words, what value did you expect to get out of participating? Please rank all that were relevant with 1 being the most relevant. (You do not need to rank all of them. You only need to rank those that were motivating factors for you or your organization. If it was not a motivating factor, please click "N/A.") Please note that this question and the next two will ask you to look at a long list of items. We appreciate you bearing with us. After these, the rest of the questions will be short and sweet!

After participating, what do you see as the biggest value in participating?
Please rank all that were relevant with 1 being the most relevant. If it was
not relevant to you/your organization, please click "N/A."
